AUSTRO-GERMAN UNIONISTS SEEK K. OF BRITISH

'Invisibles' Pushing Merger of Nations.

By LORIMER HAMMOND.

VIENNA, Austria, Feb. 23.—The union of all the Tyrol parties, following a demonstration in Innsbruck tonight, sent a telegram to the British monarch at Windsor. The unionists say Premier Mussolini is the greatest obstacle to the peace of all north Tyrol and opposing all of south Tyrol, and asks America to demand his removal. The demonstrators also demanded that Chancellor Karl Renner of Austria resign. They issued the 'Austro-German union' bulletin.

The bulletin, published by the 'Invisible' unionists, states that the union of Austria and Germany is the only way to save the world from the chaos which is now being brought about by the 'Austro-German union'.

CHANDLER FIGHTS G. O. P. FACTIONS' PRIMARY LISTS

Urges, Voters to Divide
Their Choice.

BY FRANK BUTZOW.

None of the political bosses has presented tickets for the April 13 primary that they should be supported in their entirety. Henry P. Chandler, head of the citizens' committee of 266, declared yesterday. On the other hand, each slate includes a few candidates with excellent qualifications, he said.

Formed for This Campaign.
Mr. Chandler outlined the policies of his committee, a newly formed group formed for the present campaign, before thirty-seven members of the City club at luncheon yesterday. Although his audience was slim, Mr. Chandler made it a field day for working all the political leaders, regardless of party or faction.

"I well remember," he said, "when Senator Deussen made his first fight against the forces of Lorimer in 1894. He brought together a political organization based on a great principle. At that time there was moral enthusiasm back of the Deussen ticket. At the present time one can't develop any moral enthusiasm either for the West-Densen or the Crowe-Barrett ticket."

Opposes Straight Tickets.
"I couldn't look a man in the face and ask him to take either of these tickets straight. Let us have the intelligence and unselfishness to get together on a few good candidates."

"The time for filing petitions for candidates is not passed. It is devoutly hoped that some good upstanding man may yet come out for sheriff on the Republican ticket."

"We hear Senator Deussen's denunciation of the prevailing bipartisan alliance, but then when Senator Deussen says to vote for his ticket he asks us to vote for Deussen, Wabney, and Mulca, for instance," Mr. Chandler said.

Would Back Good Man.
"Unfavorable as the prospect seems, I see a ray of light. It lies in our opportunity to back a good candidate and give them such a tremendous vote that it will show that good citizens want good government. That will lead to more favorable consideration of our claims when the next campaign comes along."

"The general level of personnel of public officers in Cook county and the sanitary district involved in the elections this year is deplorably low. It

Bartzen and Beer, Cry Anti-Brennan Democrats

BY ARTHUR EVANS.

The O'Connell-Harrison-Dunne-Lewis Democracy of Illinois, "got out a Democratic organization at the April county state yesterday and made ready to exchange ballots with the regular Democratic organization at the April primary."

For a headliner they picked Peter Bartzen, known as "Battling Peter," in age alone when he was building commissioner under Mayor Dunne and president of the county board in the turbulent days when members put on knuckle dusters as part of the regulars for board meetings.

Home rule, amendment of the Volstead act, and state rights in defining what the words "intoxicating liquors" mean, are to be main slogans. The O'Connell-Harrison-Dunne group contends that George Brennan and the regulars stole the thunder on the liquor question.

One chief line of attack, it appears, is to be directed against the Deussen administration. The O'Connell-Dunne group was active and emphatic in fighting the Deussen faction ordinance. Bartzen is slated to run for county treasurer against Martin J. O'Brien, now city controller. This is to be the central battle. In the theory, at any rate.

The state is not complete on all of these among the regulars who are not opposed are County Treasurer Patrick J. Carr for sheriff; H. K. Jaroch for county judge and Robert M. Swisher for county clerk, the latter two

seems worse than at any time in recent years. But this condition is not inevitable. It is largely due to the default and lack of intelligent political action of citizens who really want good government. If these good citizens will unite in a sensible plan of cooperation for the selection of better candidates and stick to it for a few campaigns they can put an end to the present conditions.

In the 1935 primary only 46 per cent of the registered voters went to the polls, he said. In the 1934 general election, a presidential year, 53 per cent voted. The thing to do is to get the other 47 per cent that stayed at

home in the primary out to vote in the general one, he declared.

"If," he said, "among the various factional tickets, the really qualified candidates can be selected, candidates whom citizens can support without apology and even with some enthusiasm, there will be a motive for voting."

No endorsement will be published by the committee before March 4, the deadline for filing petitions, Mr. Chandler said.

SEN. MOTIV. CLERKS OF STS.
Two grand men held by Lloyd J. Reppert, clerk of the Railway Men's association, held 17-18 South Dearborn, early yesterday morning and got 770.

WAS POLICE and a school in the war Edward Cohen, who was city collector under Mayor Harrison.

RECEIVED OF REVENUE—A. James "Duke" Dunn, son of ex-governor Dunn; former captain University of Michigan football team; now coach at Northwestern university and member of the Chicago Bridge and Tunnel club.

SANITARY DISTRICT TRUSTEES—Harold P. O'Connell, a lawyer, in naval aviation during war; Fred Burkhead, member of board of local improvements under Mayor Harrison; new South Side undertaker; Frank P. Dautsch, former clerk of the Municipal court.

CITY CLERK—James V. McGinnis, brother of the late John McGinnis.

The news of the rival slate was received with loud rejoicing at regular headquarters, where a surfeit of hat-mongers had been producing rather a yawning, ho-hum atmosphere. It is expected to speed the cure of George Brennan and other regulars who are now taking the water at Hot Springs.

—It is an axiom in politics that a good scrap keeps the boys from going to sleep.

Among some of the Republicans, the tidings aroused mingled emotions—the O'Connell-Dunne-Harrison-Lewis faction pits up a stiff fight on resultant tendency would be to keep the Democrats in their own backyard on primary day.

BETTY DESERTS DURKIN TO AID RETURN OF FURS

Betty Warner, 31-year-old sweetheart of Martin Durkin, police officer, appeared before Judge Francis Borrelli yesterday to testify for the state against Mrs. Mattie Durkin, the bandit's mother, and Miss Wanda Worthington, 2231 University avenue, a friend.

The inner circle of defense which was to shield Durkin when he is arraigned on his two murder charges is thus broken, for before, Betty, Mrs. Durkin and other women relatives stood steadfastly in defense of Durkin. Betty, it was announced, will be a state witness when her former sweetheart is tried for his life.

The trial before Judge Borrelli concerned the theft by Durkin of nine fur coats from Mrs. Vivian Barron, proprietress of an exclusive fur shop in Hollywood, Cal. Mrs. Durkin and Miss Worthington were charged with receiving stolen property, it being contended they knew the coats, given them by Durkin, were burglarized from the California furrier.

Betty told of going with Durkin to the office of the American Express company on Oct. 11, last, when he obtained a package containing nine fur coats. As soon as opportunity afforded, he presented her with one, the one she wore at the trial, she said.

Attorney John F. Tyrrell, defending Mrs. Durkin and Miss Worthington, became enraged at this and demanded to know why Betty was not under arrest and on trial also.

Attorney Tyrrell then contended that Judge Borrelli had no jurisdiction in the matter; and the case was continued until Saturday for argument on the legal questions involved.

**YOU have no intention
of buying any furniture you
don't want; but a lot of people do buy
furniture and find it's what they didn't
want. That's because they pay more at-

and that's why we say so much more
about the quality than about the price.**

We make ourselves so sure beforehand about what we sell, the materials and the making, that we have no hesitation in giving you the strongest possible guaranty of satisfaction; or money back. Scholle-quality is the kind of quality that supports such a guaranty.

COOKIES, HOTBED OF DRYS, POLLED WET BY 4 TO 1

Church Sponsored Vote
Adverse to Them.

Denver, Colo., Feb. 23.—[Special.]—The Rocky mountain region, backbones of the prohibition movement and for years the most arid section in the nation, has voted wet.

The vote came in a nonpartisan poll held by the Denver Post, results of which were compiled today.

The poll was divided into three sections: Denver city, Colorado outside Denver, and territory outside Colorado.

The latter includes parts of Wyoming, Montana, Idaho, the Dakota, Kansas, Nebraska, Oklahoma, Texas, New Mexico, Utah, and Nevada.

Votes 4 to 1 Wet.

The market wet and dry vote, as compiled by the Post, follows:

Wet prohibition	79,726
Dry prohibition	19,790
Wet and beer	52,354
Wet and beer	19,998

The total vote, including straight wet, wet and beer, and "split" votes, was approximately 110,000.

By the way the vote was divided: Denver, Colorado exclusive of city, and outside Colorado:

PROHIBITION.	
For Against	
Denver	5,738 29,621
Outside Denver	16,152 28,616
Outside Colorado	1,523 29,482

WINE AND BEER.	
For Against	
Denver	41,344 1,964
Outside Denver	21,889 9,399
Outside Colorado	11,522 1,144

Poll is Significant.

The prohibition poll gave voters the first opportunity they have had in many years to express their views on the liquor question. The responses are considered all the more significant when it is considered that the total number of ballots cast in Denver is less than 50 per cent of the normal vote in presidential elections, while the poll for the entire state is more than 25 per cent of that normal vote in the most important election.

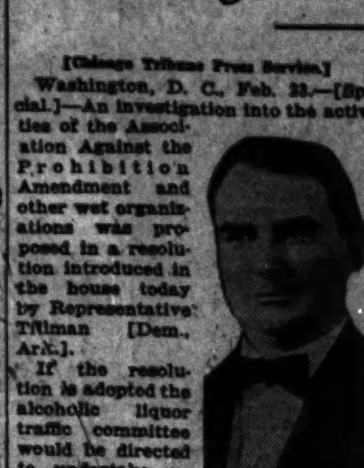

The overwhelming wet sentiment expressed by the prohibition poll is all the more surprising in that the referendum was endorsed by the drys and opposed by the wets.

Wets Opposed Poll.

The poll was begun on Feb. 12. Two weeks later the wet organization in Denver published a newspaper advertisement calling on all members of the prohibition and all persons in favor of prohibition of the prohibition law to vote.

While they were doing this the Colorado Anti-Saloon league and other dry organizations were waging a state wide

Representative Tillman said the Association Against the Prohibition Amendment, which today announced the appointment of a committee to study the evils of prohibition under the Volstead act, had admitted spending large sums of money to influence elections and had not filed proper reports under the corrupt practices act. It was also asserted that the organization had announced a campaign to raise a special fund of \$300,000 for use in campaigning against dry congressmen.

Is Raising Funds.

Representative Tillman said the Association Against the Prohibition Amendment, which today announced the appointment of a committee to study the evils of prohibition under the Volstead act, had admitted spending large sums of money to influence elections and had not filed proper reports under the corrupt practices act. 4 CHURCHES UPHOLD LAW

Washington, D. C., Feb. 23.—[Special.]—Denial that the churches have weakened in their support of prohibition was issued here tonight over the signatures of high officials of the Methodist Episcopal church, the Methodist Episcopal church South, the Methodist Protestant church, and the United Brethren church.

The joint statement characterized the recent prohibition survey of the

STARTS FRENCH PAYUP LIST WITH \$4,000,000 GIFT

PARIS, Feb. 23.—In his newspaper, *Figaro*, tomorrow morning, Francois Coty, the premier, one of the richest men in France, will offer 100,000,000 francs (about \$4,000,000) to start the ball rolling to establish by popular subscription a sinking fund to pay France's internal debt. He stipulates that a nonpolitical committee shall be appointed to manage the fund. This committee will be empowered to veto the government projects for new inflation through foreign loans and extraordinary expense.

M. Coty says he is willing to guarantee his offer with his personal belongings. He claims new taxes are unnecessary, since the old ones would yield plenty—\$5,000,000,000 francs (about \$2,000,000,000) instead of 35,000,000,000 francs (about \$1,400,000,000)—if they were collected.

VOLSTEAD LAW DEFEATS ITSELF, SAYS MRS. KAHN

In Congress at 60, She
Takes Platform.

"I am for legalizing light wines and beer to overcome some of the evils of prohibition. I favor law enforcement, but I also favor an enforceable law."

A motherly appearing woman of 60, seated on the pulpit at Temple Shalom, Grace street and Pine Grove avenue, and addressed those words quietly and earnestly to an audience last night.

She was Mrs. Florence Prag Kahn of San Francisco, representative of the 4th California district in congress, widow of the late Julius Kahn, who represented it for twenty-five years before his death a year ago last September.

Also School Board Head.

"A Woman's View of Congress" was the subject of Mrs. Kahn's address. She spoke under the auspices of the Temple Shalom Synagogue lecture bureau. Mrs. Kahn also is president of the San Francisco board of education.

Her views on prohibition were expressed in a few words as she moved quickly from subject to subject, but in expressing them she brought from her audience the only applause that interrupted her address until she reached the close.

"Prohibition is undermining our whole moral fabric," she said. "I did not take my stand without serious consideration. In no way are we endangering the constitution in proposing to amend the Volstead act. We simply want to amend the law to put teeth into the eighteenth amendment."

Analysis of Volstead Act.

"The Volstead act is the enforcing act. Therefore in amending the Volstead act we are in no way tampering with the constitution. It is the only way to wipe out the present evils."

Mrs. Kahn was recently selected as head of the anti-Volstead group in the house of representatives.

Too many puns are being poked at congress, Mrs. Kahn said. Her husband was chairman of the house military affairs committee for many years.

"The house of representatives," she said, "is a cross section of the American people. It is just what it represents."

In discussing the social life of Washington—she has been there since 1898—Mrs. Kahn said Mrs. Coolidge "is nicely to eclipse Mrs. Cleveland and Dolly Madison as the most popular hostess at the White House."

REPORT 2 SLAIN, 16 HURT IN RIOT OF CHURCHMEN

Mob Attacks Troops in
Mexico.

(Copyright, 1926: By the New York Times.)
Mexico City, Feb. 23.—The newspaper *Universal* says two persons were killed and sixteen wounded in a clash between church followers and government agents, who seized the Church of the Holy Family.

(Copyright, 1926: By the New York Times.)
Mexico City, Feb. 23.—Nearly twenty persons, some of them women, were wounded in a riot today when armed government agents, escorted by soldiers, tried to take two foreign Catholic priests from the Holy Family church, one of the most aristocratic of Mexico City's churches. It is in the best residential district of the city.

When the government agents approached a huge mob formed, backing up for several blocks. Shouting and jeering the soldiers, the throng finally forced the troops to fire over their heads to disperse them.

Troops Capture Priests.

The priests were then taken from their hiding place in the sacristy of the church. The government is continuing its hunt for foreign priests who have gone into hiding.

President Calles today issued a warning that the government will enforce the constitutional laws strictly, regardless of whether they affect religious sects. The warning came in his answer to a telegram from laborers of the city of Vera Cruz, in which they congratulated him for his stand regarding the closing of church schools.

Organ to Run Again.

Nogales, Ariz., Feb. 23.—[Special.]—Alvaro Obregon plans to emerge from retirement on his farm in southern Sonora, Mexico, and be a candidate for president in 1928, close friends of the ex-president announced after a meeting at his ranch Feb. 18.

BROKER SEIZED IN INDIANA FOR CARRYING RUM

Arthur H. Newbery, said to be a wealthy stock broker with offices at 111 Jackson boulevard, was arrested yesterday in Michigan City, Ind., charged with transporting four quarts of booze in his automobile.

With him in his car were Samuel Seinfeld, who shares his apartment in the Parkway hotel, and two women whose names were not made known.

According to Michigan City officials, Newbery admitted he was transporting the grog from Canada to Chicago for private consumption. He absolved the women and Seinfeld of any knowledge of the cargo, and they were not held.

Newbery was trapped a short distance from the spot where police captured J. Newton Perry, millionaire Chicago clubman, with two pints in his car.

Newbery was bound over to the Superior court on bonds of \$3,500 for trial March 5.

COOLIDGE FEARS MITCHELL LEADS TO MILITARISM

BY ARTHUR BEARS HENNING.

(Chicago Tribune Press Service.)

Washington, D. C., Feb. 23.—[Special.]—This nation is not going to permit a great military air service so long as Calvin Coolidge is President and has his way about it.

Mr. Coolidge fears the development of military aviation on the scale advocated by Billy Mitchell and his followers would make the United States a militaristic nation likely to prey on other nations and would precipitate such another armament competition between nations as helped to foment the world war.

The President made these views known today in connection with pending aircraft legislation. Bills have been introduced at the instance of the administration carrying

into effect the recommendations of the Morrow aircraft inquiry, and the President desires their enactment before the adjournment of this session of congress.

Feared U. S. Militarism. Mr. Coolidge is extremely gratified by the performance of this congress up to date. He does not hesitate to pronounce it a record breaker in prompt disposition of the tax bill, the world court resolution, appropriation bills and other bills, and is not surprised that the leaders now expect to clean up work and adjourn the session by June 1. He regards it entirely feasible to dispose of agricultural and railroad labor bills, Muscle Shoals, war debt settlements, remaining appropriation bills, and the aircraft program without prolonging the session beyond that date.

The President wants additional assistant secretaries of the war and navy departments to supervise air service development and other reforms recommended by the Morrow board, but the outstanding feature of that inquiry's findings is, in his opinion, the assurance that this country is in no danger of attack by air from any quarter.

In view of that assurance, the President, the White House explains, is opposed to a "very large" military air service, primarily because it would entail what he regards as an enormous and unjustified expense, and also it would, he believes, foster the same spirit of militarism in this country as moved Germany to embark upon world conquest.

He wants an adequate air establishment, but the mere possession of an enormous one, Mr. Coolidge fears, would be a temptation to its use. He said that we are in no danger of attack from the air, he fears our big

air forces would be not for defense but for aggression. Far better, he holds, would it be to restrain air service development to proportions permitting its employment for humanitarian conquest.

Then, too, if we were to create the air establishment advocated by Billy Mitchell, Great Britain and France, the President is certain, would make the air to go to use better. "Then we would 'raise' them and they would 'raise' us right back, and the old game of argument-guessing would be rising again as it did before the world war and until halted by the agreements of the Washington arms conference."

Kings Eye Out for War Chops.

The White House points out that Mr. Coolidge has been extremely careful never to invite a revival of navy building competition, refusing to sanction an immediate building of our naval auxiliary strength up to the treaty limit. The President's general attitude also accords, according to the White House, for the recent disciplining of army air service officers for propagandizing for a big air service.

Referring to his opposition to a unified air service, Rear Admiral William A. Moffett, chief of the bureau of aeronautics, told the house military affairs committee today that the proposed department of national defense with ministries of air, army, and navy, is unnecessary and would do the country more harm than good. Admiral Moffett denied that the air service of the navy was in an unsatisfactory condition and asserted heatedly that 90 per cent of the charges made against the present system of handling aviation in the navy were absolutely untrue.

MRS. TILDEN GIVEN DIVORCE; TELLS OF BLOWS

Realtor Grants His Wife \$150,000.

(Picture on back page.)

Two women appeared yesterday before Superior Judge Joseph Sabath and obtained divorces from wealthy husbands. One refused to accept alimony, the other demanded and received a \$150,000 settlement.

Mrs. Jean Simpson Tilden, 2955 Galt avenue, told Judge Sabath that Edward Tilden, head of the Tilden Securities company, had been cruel to her. She declared that she wanted no money nor alimony from him.

Mrs. Alexander A. Eisenstein, 3414 West Adams street, whose divorce suit followed the Tilden case, delayed court for an hour while she argued with lawyers and her husband concerning the amount of alimony she would receive.

Finally her husband, former vice president of the Community State bank and a real estate operator, handed his wife's attorney, Benjamin Davis of Charles E. Eisenstein's office, a check for \$125,000 and signed deeds giving her property worth \$25,000. Mrs. Eisenstein then took the stand and told how she had been treated cruelly by her husband.

Mrs. Tilden was the third wife of Edward A. Tilden to obtain a divorce in Cook county courts in the last ten years. The first wife charged infidelity. His second marriage broke up because of his cruelty, according to his wife's testimony.

"I left Mr. Tilden about a month ago," said Mrs. Tilden. "He threw me against a door and I fell down. Previously, he had beaten me often. I treated him gently and tried to soothe him, but he was often very cross. He drank a great deal."

She described an episode in their apartment at the Sheridan Beach hotel when she was struck and bruised severely by the broker.

MITCHELL HERE FIGHTS FOR MORE AERIAL DEFENSE

Col. William Mitchell, former assistant chief of the army air service, who recently resigned to open a nationwide crusade for "adequate air preparedness" and "against fossilism," spoke here last night via radio.

He was welcomed at the station by an aldermanic committee of ex-service men appointed by Mayor Dever. The committee included Ald. Francis L. Boutell, Dorsey Crowe, Albert E. Loscher, Bert Cronson, A. J. Horan, F. R. Ringa, and William D. Meyerling. Mitchell said:

"Out of our vast expenditure for military purposes the American people are not getting a nickel's worth of real defense."

Mitchell speaks tonight at the Coliseum on "America's Place in the Air." Last night Mitchell was the guest of honor at a private dinner given by the Air Service Officers' association.

DECISION HITS BOND SHARKS; STATE IS VICTOR

Opens Way to Recover
\$5,000,000 Forfeits.

A campaign to collect approximately \$5,000,000 worth of bail bonds, now outstanding, is expected to be started soon by State's Attorney Crowe as the result of a decision given recently by the Supreme court, which liberally construes the present bond law. The text of the decision, which gives clear title to purchasers of real estate pledged for bail bonds, is considered a great victory for the state by Assistant State's Attorney Thomas Marshall and Henry Barrett Chamberlin of the Chicago crime commission, who carried the bill law to the Supreme court for a test case. Crooked professional bondsmen particularly are hard hit.

"Until the judgment is modified or set aside it is valid and binding on all the world," reads a paragraph of the decision. "If an execution is issued on the judgment and the property of the surety is sold, the title acquired by the purchaser would not be affected by the subsequent vacation of the judgment."

Affraid to Proceed.
Heretofore the authorities were afraid to proceed in bond forfeiture cases because of an amendment to the statutes which provided that a forfeiture might be set aside by the accused being brought into a court, a showing that he was convicted in another state, or had died. It was contended that under this section a judgment could never be made final and therefore a bond was worthless. Prosecutor Marshall and Mr. Chamberlin were delegated to test out the law in the Supreme court, and after months of legal battles a decision finally was given this week.

Although the state lost its fight to have erased from the records a forfeiture set aside in the case of Steve Brank, who had given a \$5,000 bail bond, the interpretation placed upon

the present law by the high court is considered a victory and opens the way for the authorities to collect \$5,000,000 in forfeited bonds dating back many years.

Crowe Promises Action.
"I am gratified with the efforts of Mr. Marshall and Col. Chamberlin," said State's Attorney Crowe. "I shall ask the county board to appropriate funds so that we may immediately start to purchase property given on bonds. Under the Supreme court ruling the property can be resold and the purchaser assured a clear title."

A joint statement by Prosecutor Marshall and Mr. Chamberlin reads: "The matter of enforcement of bail forfeitures is now reduced to a mere matter of appropriation of working funds and the levy and sale of real estate involved. Buyers can rely upon the title they receive."

The decision is expected to circumvent professional bondsmen, who for years have been giving bonds for criminals, who would then flee.

**TURN HAIR DARK
WITH SAGE TEA**
The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good color, or which is quite sensible as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product for only 75c. It is improved by the addition of other ingredients, and is called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or soft brush with it and draw this through your hair, taking one small strand at a time, by morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

ASKS EXCLUSION OF COUNT SALM AS POOR ALIEN

Washington, D. C., Feb. 23.—(Special.)—Recruitment of Count Salm, husband of the former Millicent Rogers, on the ground that he is an alien without visible means of support, was advocated today by Representative La Guardia (Socialist, N. Y.).

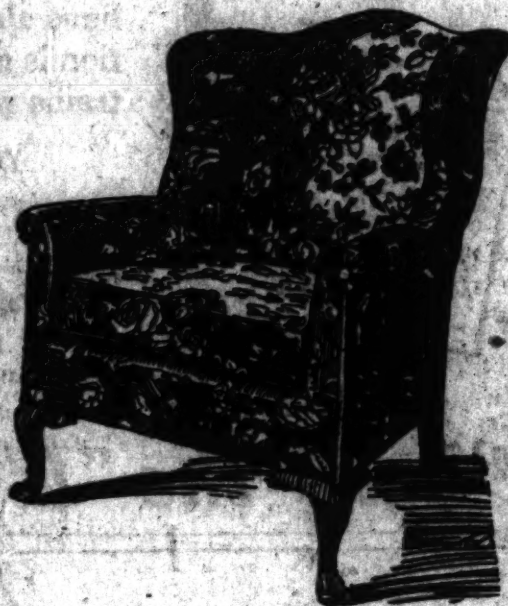

Mr. La Guardia said he expected to request the labor department to make an inquiry into the count's case and

ask for his deportation if it is found that he might become a public charge. Count Salm arrived in Washington today, but refused to be interviewed. Department of labor officials were reticent about possible action on the request of Representative La Guardia. They also refused to shed light on the next move of the department in the count's Catholic exclusion case. Representative Emanuel (Clerg.) (Dem., N. Y.) issued a statement condemning the immigration authorities, declaring that "if the Catholic case shows anything, it proves that our government has no right to meddle in the private morals of foreigners visiting us."

U. CAMPUS IS DOWNCAST OVER HOWELL'S CASE

BY SIDNEY SUTHERLAND.
(Picture on back page.)

Tall, broad shouldered, gray eyed, brown haired lad sat on a sofa in the lobby of the North Shore hotel, Evansville yesterday afternoon. Beside him, smiling, was a beautiful girl, slender, dark eyed, her bobbed curls tossed back playfully. As charming a young couple as any university in all this land could display as exhibit A in its roll call of splendid undergraduate Americanism.

"I don't know," said Dick Howell carefully. "I guess the supervising board has formally expelled Betty and me. She had quit anyhow, but I did not want to get my diploma this June.

Eloped to Woodstock.

"You see," the 22 year old champion swimmer went on, "when we eloped to Woodstock, three weeks ago, we were married. I thought the rule wasn't effective if one of the contracting parties had already left the university. Betty, 19 years of age, a sophomore, member of the Kappa Kappa Gamma, and since she wasn't going to school any more I thought it would be all right for us to marry.

"Of course, when Dean Kent officially signs my expulsion papers on March 1, I shall formally apply for reinstatement. If they won't let me back, we'll take a flat hery in Evanston and I'll go to work in Chicago, either selling bonds or with a construction firm."

President Scott Doubtful.
President Walter Dill Scott was questioned. Was there any chance for the rule requiring written notice from the parents of both boy and girl being revoked in young Howell's case?

"I don't think so," President Scott replied. "Of course, if he will state the side of the case it will be heard. He hasn't seen me or James W. Armstrong, dean of men, so far, and I cannot say what will be done before we hear from him."

The students are depressed. Not only was Elsiebeth Ann Fletcher, daughter of Mr. and Mrs. Harvey T. Fletcher, 1533 Midway drive, as popular a girl as strolled the campus, but Dick, the son of Mr. and Mrs. Frank M. Howell, 7741 Grand avenue, is a world famous figure in aquatic sports. Sigma Nu house, Dick's fraternity, was in tears last night when the expulsion was made known. There was talk of a monster petition to the faculty.

WHY RUSH TILE BILL? ALDERMEN ASK—AND DON'T

Instead They Open the
Way to More Delay.

Pursuant to the formal closing of its hearings last Friday, a subcommittee of the council committee on buildings met yesterday for the avowed purpose of getting down to actual consideration of the proposed ordinance to permit a more general use of hollow tile in building construction.

But there was no business transacted. There were five aldermen present, but only one spoke in favor of taking up the measure, amending it where necessary, and whipping it into final shape for presentation to the parent committee for action. That was A. J. Horan (28th).

Ald. Henry L. Pick (30th) and Ald. Max Adamowski (38th) spoke vigorously against any such procedure. They indicated that they didn't see any reason for haste. And Ald. Eugene L. Nusser (38th) seconded the motion they worked out.

Invite Late Amendments.
That motion was unusual in council procedure. In effect it was an invitation to all members of the city council to come in at this late date with any amendments they thought ought to be made in the ordinance.

According to Adamowski's figures, it has been pending something more than three months, and its provisions have been most thoroughly discussed.

Pick's original motion was that the subcommittee adjourn subject to the call of the chair. As a substitute

Adamowski moved that the subcommittee adjourn for the day and that Ald. Joseph H. Smith (32d), the acting chairman, draw up a resolution and present it to the council today, saying that the subcommittee is "ready to consider" the ordinance, and if any alderman has any amendments to submit them at once.

As a second substitute Ald. Horan moved that the committee begin action on the ordinance.

Haste Seems to Be Opposed.
"You mean now?" demanded Pick indignantly.

"Starting today," said Horan, "taking it up section by section. It ought not to take us long."

"You make me tired," said Adamowski after he also had verified an impression that Horan meant starting to work right at that moment.

So Horan's motion was lost for lack of a second and the Pick-Adamowski motion was passed. Horan voiced his opinion that the ordinance should be taken up at its regular meeting next Monday.

In response to a question from Horan, Chairman Smith said it was hoped that the subcommittee will be able to report to the building committee at its regular meeting next Monday.

But an impression prevailed in the council room that some of the aldermen are determined to wait for something—possibly the return to the city of Ald. John Powers (25th), chairman of the building committee. He has been away several weeks.

New York, Feb. 23.—(Continued from page 1.)
Jay Ward Leeds, his son, Jay Ward Leeds, named as defendant in the divorce case, James A. Leeds, contributed largely to the case of Mrs. Leeds.
These contributions, in the form of gifts, and were "very large," said Mrs. Leeds. William M. Sullivan, personal counsel, said Sullivan refused to make exact amount of the contributions. He said the young Jay Ward Leeds has been stated as \$20,000, \$150,000 when the boy was 10.

No Settlement for Mr. Sullivan made the amount of the "gifts" when asked if Mr. Sullivan made a settlement on the case. He denied this, but said the settlement on Jay was made last November, out in the name of Jay Ward Leeds being made to the father. In the settlement Jay was divided with the father's announcement of this summer in Leeds has said she will be a "prominent business woman." She is said tonight to be in Palm Beach. NO SETTLEMENT ON FLO; GIFTS IN PAST LIBERAL

(Picture on back page.)
New York, Feb. 21.—(Special.)—Despite his "substantial" settlement on Jay Ward Leeds, his son by Florence Lewis Leeds, named as co-respondent by Mrs. Stillman in the new ending divorce case, James A. Stillman has contributed largely to the financial aid of Mrs. Leeds.

These contributions took the shape of gifts, and were "very substantial," also, William M. Sullivan, Stillman's personal counsel, said tonight. Mr. Sullivan refused to make known the exact amount of the trust settled on young Jay Ward Leeds, which has been stated as \$30,000 a year, with \$10,000 when the boy becomes of age.

No Settlement for Flo.
Mr. Sullivan made the announcement of the "gifts" to Mrs. Leeds when asked if Mr. Stillman had not made a settlement on Jay's mother also. He denied this, however.

The settlement on Jay Ward Leeds was made last November, being taken out in the name of Jay Ward Lewis, Lewis being Flo's maiden name. Interest in the settlement on the boy was divided with that of the mother's announcement of coming marriage this summer in Paris. Mrs. Leeds has said she will be married to a "prominent business man."

She is said tonight to be en route to Palm Beach. Her marriage is scheduled for June.
REFUSE TO COMMENT.
(Chicago Tribune Press Service.)
PARIS, Feb. 21.—Reports from New York that Flo Leeds, the "other woman" in the Stillman case, is bound for Paris to be married was brought to the attention of the reunited Stillmans tonight. Arrived from bed, Mrs. Stillman said she could not be bothered and Stillman said he did not wish to comment.

EVANSTON ACTS TO CHECK PERIL FROM SMALLPOX

(Picture on back page.)
Vacination of all pupils attending the Foster school, Dewey and Foster avenues, Evanston, was asked yesterday by Health Commissioner Clarence T. Rooms of Evanston as a means of checking a threatened outbreak of smallpox in the school.

Suspension for two weeks will be imposed on all who fail to heed the commissioner's suggestion. Nineteen teachers and 435 pupils will be affected by the order. A colored child who attended the school for several days after developing the disease is said to have exposed practically every one in the building.

Two inspectors from the state health department were in Evanston yesterday looking over the situation. An entire family of Negroes, it was learned, is under quarantine.

LENROOT AGAIN DEFENDS STAND ON WORLD COURT

Madison, Wis., Feb. 21.—(AP)—A non-partisan majority in the United States senate voted American adherence to the world court. Senator Irvine Lenroot of Wisconsin declared tonight in an address here.

"The action of the senate was in no sense partisan," declared the senator. "Republicans, Democrats, and radicals were found on both sides of the question."

Senator Lenroot, who led the senate fight for the court, denied that anti-court senators were gagged.

Three years ago, Senator Lenroot related, President Harding recommended that the United States join the

court. Last March the senate voted to make the question a special order of business for Dec. 17. Debate was opened at that date.

Lenroot told of subsequent postponements of court discussion at the requests of anti-court senators until Jan. 11, shortly after which, he said, opponents began a filibuster. After closure was adopted, he declared, debate went on for three days.

"Not one of the anti-court senators used his entire hour and that is the way they were gagged," he said.

Replying to Borah and Reed, who have queried "what was the hurry about this court?" Senator Lenroot declared, "the matter was pending nearly three years in the senate."

Senators Flay Court.
Milwaukee, Wis., Feb. 21.—(AP)—Carrying his appeal for rejection from the senate vote to enter the world

court to the "only power that can denounce and denounce this scheme, the people," Senator William E. Borah of Idaho made his fourth speech in three days here tonight. He came here after three addresses in Chicago.

"There was a time when those who believe in peace might have sincerely believed that we should join the league of nations," said Senator Borah tonight. "Doubtless thousands sincerely believed that it meant peace. But after seven years who can contend now that it means peace?"

"It is robbing and dominating the weak. It is trampling upon the backward peoples. This is it, and the criminal which is the adviser and counselor we have decided to join."

SENATE REJECTED BY SENATE.
Vice-Chancellor, 41 years old, said his life with me in his home, 2100 West Third, South coast, yesterday. He was described as a man of great energy, his wife said.

CO-ED WINS TILT; DEFENSE FAILS TO BREAK STORY

Denies Object Is to Get
Damage Verdict.

BY ORVILLE DWYER.

(Chicago Tribune Press Service.)
Mason, Mich., Feb. 23.—(Special).—Miss Louise King, 20 year old co-ed in Battle Creek college, today got the decision in a battle of wits with William J. Barnard, chief counsel for the defense of Arthur C. Rich, 22 year old son of a Battle Creek millionaire, on trial for an alleged brutal attack on the girl last May.

The girl laughed at the attorney as he took the hand of one of Rich's young brothers and danced across the courtroom imitating the manner in which he fancied Miss King held the hand of Rich as he led her over the rough but to the fairway of the eighth hole on the Battle Creek golf course, where the alleged attack occurred.

Laughs at Attorney.
She laughed again when the lawyer lay down on the courtroom floor, trying to get her to tell how Rich beat her, according to her story, until she was insensible.

She looked him right in the face as she denied questions about her motives and character.

Miss King told the lawyer she did not care whether she ever collected one penny on the \$100,000 she is suing Rich for.

"Nothing can ever repay me for what I have suffered," the girl said. "I have only one object and that is this case."

Wants Rich Found Guilty.
She made it plain she meant her chief object was to see Rich found guilty more than to collect \$100,000.

"You mean to tell me," the lawyer queried, "you mean that your interest in this criminal proceeding is not because of the \$100,000 civil suit you have against this defendant?"

"Not in the sense you mean," Miss King replied. "In fact, I know if the verdict in this case is guilty, I will never get one penny of it, and I don't care. There are other girls in Battle Creek, and I am thinking of them."

Denies Defense Claims.
Miss King went on the stand in the morning to continue her direct examination at the hands of Assistant District Attorney O. L. Smith, leader for the prosecution. Most of this consisted of categorical denials of statements made in the opening argument of the attorneys for the defense. One of the most pointed of these questions was: "You heard defense attorney say that without solicitation you spread a blanket on the ground at the golf course—is that true?"

And she replied: "There is no truth to it at all."

Then came Barnard, with his cross-examination. He asked her how much wine she took from the two quart jar produced by the defendant on the night of the alleged attack.

"I took two sips," she said. "I split the first one on my clothes. I would say in all I had about a teaspoonful."

Miss Jean McBeth, who was with Miss King after the attack, and undressed Miss King after her clothes had been ripped partly off her, and took them to Lenna Cooper, dean of women at the college, arrived in Lansing to testify in the next few days.

The last witness today was Dr. Edmund Vance of Battle Creek, who examined the jaw fractures which it is alleged Rich inflicted upon Miss King.

DROPS DEAD IN SIGNAL TOWER.
Edward Fink, 35 years old, 307 Sheridan place, Lake Bluff, a survivor for the Northwestern railroad, dropped dead yesterday in a signal tower at Lake Bluff.

You don't have to do this

THE unsightly "white coat collar"—showed with dandruff—is rapidly going out of style. You really don't need to be troubled this way.

And the way to correct it is a very simple one. Just mark down the following statement as a fact:

Listerine and dandruff do not get along together. Try the Listerine treatment if you doubt it.

Just apply Listerine, the safe antiseptic, to the scalp. Generously; full strength. Massage it in vigorously for several minutes and enjoy that clean, tingling, exhilarating feeling it brings.

After such a treatment you know your scalp is antiseptically clean. And a clean scalp usually means a healthy head of hair, free from that nuisance—and danger signal of baldness—dandruff.

You'll thank us for passing this tip along to you. It's a new use for an old friend—Listerine.

POLAND JAM GERMANY; FOR LEAGUE

Claims Right as
Slav Nation

WARSAW, Feb. 23.—Poland may repudiate agreements as far as Germany is concerned unless she receives satisfaction in the council of nations—a position fully that accorded Germany.

This was the substance given out today by sources following a dinner given by the Polish ambassador at the council of the league.

Poland's position was made plain at Locarno, an spokesman. "If Poland takes a position in the league to that accorded Germany several possible answers can be made."

"First, Poland might consider the policy that at Locarno, as far as toward Germany is concerned. Secondly, she might take a position in the league to that accorded Germany and Poland in Locarno."

"Third, it is possible every world be created, one of league difficulties outside of the league itself."

Wants to Represent

"Since there is not a nation now permanently member of the league, and in the largest Slav nation of nations, it is on the council which it is represented, while Russia and Italy represent the Japan represents the many middle Europe, as a veritable hand of the represented on the council the league was originally forty-one members, and fifty-five; it is only the council of the league enlarged accordingly."

POLAND JABS AT GERMANY; DRIVES FOR LEAGUE SEAT

Claims Right as Chief of Slav Nations.

WARSAW, Feb. 23.—(United News.)—Poland may repudiate the Locarno agreements as far as Germany is concerned unless she receives a permanent seat in the council of the league of nations—a position fully equivalent to that accorded Germany.

This was the substance of a statement given out today from a high source following a discussion by Premier Skrzynski of the fight to enlarge the council of the league.

Poland's conciliatory attitude toward Germany made possible the agreement at Locarno, said the Polish spokesman. "If Poland is not to receive a position in the league equivalent to that accorded Germany there are several possible answers which Poland can make."

"First, Poland might be unable to continue the policy she agreed upon at Locarno, as far as her attitude toward Germany is concerned."

"Secondly, she might take a position toward Germany which would make all problems existing between Germany and Poland increasingly difficult."

"Third, it is possible that a tendency of league difficulties such as this outside of the league itself."

Wants to Repress Slavs.

"Since there is not a single Slav nation now permanently seated in the council of the league, and since Poland is the largest Slav member of the league of nations, it merits the place on the council which it asks."

"Moreover, while England, France and Italy represent western Europe, Japan represents the Orient and Germany middle Europe, eastern Europe, a veritable hotbed of danger, is not represented on the council. Finally, the league was originally formed with forty-one members, and it now has fifty-five. It is only reasonable that the council of the league should be enlarged accordingly."

RUSSIANS TOLD FOREIGN TRADE IS ONLY HOPE

Rykov Asks Exports at Any Price.

BY DONALD DAY.

(Copyright, 1938, by The Chicago Tribune.)

MOSCOW, Feb. 23.—While more than 100 foreign delegates are taking part in the session of the executive committee of the communist international at Moscow, the same soviet papers that are printing their optimistic predictions of the downfall of capitalist countries reveal examples of high finance which it is impossible to duplicate in the history of international trade.

While the delegates are unable to read the official soviet newspapers, they are realizing the situation in Russia is not so rosy as is depicted by the soviet orators, because the finance commission has already slashed their requests for propaganda funds 50 per cent.

Demand Exports to Save Land.

The bolshevik's desperate financial plight daily occupies pages in the Moscow press. The Pravda reports that it is now only a question of forcing exports at all costs. It does not matter if the soviet government exports materials which are worth \$50,000,000 within Russia and only obtains \$17,000,000 for them abroad, the paper continues. This loss would be more than covered when the government uses two or three million dollars of the money to purchase manufactured goods from abroad and increasing their price 400 to 500 per cent before they are marketed in the cooperative stores of Russia.

Saturday a paradoxical situation occurred at the Moscow Kremlin, when the agents of the communist international met in one hall, while in another the president of Moscow conferred with Soviet Commissar Rykov presiding.

Gold Money Buys Less.

M. Rykov reported that the peasants throughout Russia had stopped selling farm products and that prices of foodstuffs were rapidly increasing in all cities since the peasants were demanding manufactured goods instead of soviet paper money for their products. Unless the government immediately exports all available raw products, and even semi-manufactured and manufactured products abroad, there is danger of a currency inflation, the commissar reported.

The purchasing power of the soviet gold ruble already has fallen greatly throughout Russia.

CANADA AWAITS CHICAGO SHIRT MAKER'S ARRIVAL

BY GEORGE SMITH.

(Copyright, 1938, by The Chicago Tribune.)

Ottawa, Ont., Feb. 23.—Further testimony concerning the Chicago made black shirt, alleged sample of American prison made smuggled merchandise, was delivered today by the Canadian parliament's investigating inquiry committee pending the prompt appearance in Ottawa of Milton Goodman, president of the Reliance Manufacturing company of Chicago.

The Chicago firm telegraphed a denial that they deal in prison made goods. A Reliance company poster offers \$1,000 reward to any one who can prove that the concern's shirts are made in prisons.

Alleged Workers Are Convicted.

Representative Sparks of the Commercial Protective association said: "This sentence in the poster, 'Made nowhere except in our twelve modern, sanitary factories shown on this page,' does not say that the employees and operators in the twelve modern, sanitary factories are not state prisoners, which, as a matter of fact, they are."

Mr. Sparks also repeated his statement that Mr. Goodman "is one of the chief contractors of prison labor in the United States; he is the head of all the prison contracting concerns."

Committee Counsel Calder said the committee tomorrow would investigate another serious international question—smuggling about ten stolen American automobiles a day over the Quebec border.

automobiles a day over the Quebec border.

Mr. Sparks estimated at seven millions of dollars annually the silk smuggling trade in eastern Canada.

Mr. Sparks said it was easy to conduct wholesale smuggling operations. The system, he said, was to bribe the Canadian customs officials. He had conducted a test case and had easily penetrated the protective machinery.

Mr. Sparks said, was at the bottom of the smuggling difficulties on the Canadian side. The minister had the final say in all serious questions. Customs officers' decision as to seizures and prosecutions had been reversed by the minister, it was alleged, and in one case Mr. Bureau had been interviewed by a group of smugglers and dropped prosecution against them in consideration of their promise not to do it again.

COURT TO ANNUL RUNAWAY MATCH OF YOUNG MOIR

(Picture on back page.)

Superior Judge Henry Lewis indicated yesterday he would annul the marriage of Harry C. Moir Jr., son of the owner of the Morrison hotel, to Miss Irene Johnson, 18 years old, former telephone operator.

Moir's parents have been trying for more than a year to get the marriage annulled, on the ground that both Moir and his bride were under age when the wedding ceremony was performed at Waukegan after an elopement.

Judge Lewis last spring refused to annul the suit, but yesterday he indicated he had changed his mind and said he would give a definite ruling next Monday.

quiet that has been rather for a week, so there is new about that, but McCarthy's for the outfield were surprising.

May Start with Double O. Knowing how McCarthy matters, it wouldn't surprise Scott in left, Wilson in center, Kelly in right when the season is supposed to be a hot one such as the Cubs need. We get around pretty well in the hit the ball well in the association here. McCarthy is the best fielder of the team, is favored for a good right throwing purpose. The ball for 214 worth in the season, so there is no reason to doubt against major league ball.

Coast Club Wants Home. There are rumors that the Cubs club is trying to get McCarthy to leave the Cubs. McCarthy will have to be convinced that he knows the majors.

The Goofs' infield will be at first, Conroy at second, short, and Michaels at third. The members of this quartet really is interested in the kid from the Los Angeles given half a chance he might give Shannon a run for his job, at least so far as fielding is concerned. A noticeable difference is that he doesn't get away as quickly as a good should, but allowance must be made for his sore arm.

3 ROOKIES FOR
CUBS OUTFIELDKelly, Wilson, O'Doul

BY IRVING VAUGHAN.
(Chicago Tribune Staff Writer.)
Avalon, Catalina Island, Cal., Feb. 23.—(Special.)—Joseph McCarthy, the Cub pilot, gave some indications of his likes and dislikes today when he announced the distribution of talent for the impending Regulars vs. Goofs combats which will be made part of the daily training diet, starting tomorrow afternoon.

The regular infield will be made up of Grimm, Adams, Shannon and Freigau, the same as last year.

McCarthy has been working to get a new outfield for a week, so there is nothing new about that, but McCarthy's selections for the outfield were somewhat surprising.

He has picked Kelly in right field, Wilson in center and O'Doul in left, all newcomers, and the hangovers from last season, Heathcote, Brooks and John, have been relegated to the second string team. Of course, this statement of outfielders is not final but the initial choice shows conclusively that McCarthy has a lot of faith in the minor league batting average of his rookies.

May Start with Rookies Outfield.

Knowing how McCarthy feels about rookies, it wouldn't surprise us to see Kelly in right field, Wilson in center and O'Doul in left when the season opens. Kelly is supposed to be a long hitter and the Cub manager, McCarthy, is around pretty well in center and left field.

He hit the ball well in the American association last season. Scott, probably the best infielder in the American association, is favored for left because he owns a good right arm for throwing purposes. He cracked the ball for 315 yards in the American association last season. One of his clubmates is favored for left because he owns a good right arm for throwing purposes.

He cracked the ball for 315 yards in the American association last season. One of his clubmates is favored for left because he owns a good right arm for throwing purposes.

There are rumors that the Los Angeles club is trying to get Heathcote, but the effort may fail, because McCarthy will have to be cautious about releasing men he knows can get by in the majors.

The Goofs' infield will have Tolson at first, Conney at second, Beck at short, and Michaels at third. One of the members of this quartet McCarthy really is interested in is Beck, the kid from the Los Angeles team. If given half a chance he might be able to give Shannon a run for the short stop, at least so far as fielding is concerned. A noticeable defect in Shannon is that he doesn't get his throws away as quickly as a good shortstop should, but allowance must be made for his sore arm.

Mary Krug, manager of the Los Angeles team, and Bill Lane, owner of the team, are both in Chicago, with a view of 79, today, toward the qualifying round of the Los Angeles County third annual winter invitation golf tournament. Mrs. Dan Jones of Los Angeles was second with 88 and Mrs. Harry Grossman of Los Angeles third with 81. About 100 golfers were entered in the tournament.

Have you pondered the difference in the ways of the champions of sport?

There's tennis. Helen Wills, brilliant student of the fine arts, holder of a Phi Beta Kappa key for scholarship, and a winner of extraordinary honors in the United States. And under the rules of the tennis kingdom Helen might withdraw from the contest.

There's boxing. And here's where the contrast shows. For the world's heavy weight champion, Joe Louis, who you know we mean—has held the title for six years. In those years he hasn't battled more than one man who really threatened, and for the most part he's been ducking.

There's golf. Walter Hagen has proved himself the king of the professional business of the world. That keeps him from constantly risking his reputation. He rambles over the country, playing on good courses.

There's football. The Pittsburgh Pirates last fall won the title of world's champion baseball team. Does that insure their keeping it this year? There are seven clubs in their own league who say that it doesn't.

There's basketball. The champion basketball player, Ed Lewis, is claiming the heavyweight wrestling championship of the world. Next Monday night both are wrestling here against what the press agents call "worthy opponents."

Judiciary Body of Council
O.K.'s April Vote on Boxing

BY WALTER ECKERSALL.
Another step toward legalizing boxing in Chicago was made yesterday when the judiciary committee of the city council recommended to the general body that official steps be taken to place the same on the ballot.

Several weeks ago the city council voted unanimously to go on the ballot, but it first had to be ratified by the judiciary committee, and then a consent back to the council with amendments deemed advisable.

Alfred W. Miller of the thirty-seventh ward was the only member of the committee to oppose the measure. It was not so much on the issue itself as that Al. Miller protested, but he did not believe a proposition of this kind.

at Monte Carlo.

BY DON SKENE.
(Chicago Tribune Staff Writer.)
MONTENAPOL, Feb. 23.—(AP.)—Helen Wills, the American tennis champion, won the singles and doubles titles at the Monte Carlo tournament today.

The English player made a stubborn fight in the first set, taking four games to win. The first game in the second set was decided eleven times before Miss Wills won it.

Experts believe that Miss Wills played a somewhat colorless exhibition today, due to the slow, low bouncing British ball, but she denied this. "It was not the fault of the ball," said the champion, "but perhaps the strange court and new light affected me."

Hard Fight in Doubles.
The Chambers-Harvey combination looked like sure winners after the first set at the Beaumont match. The English pair took the set with a score of 6-2 easily, largely due to Mrs. Aschliman's wildness.

In the second set the American pair settled down and tied the score one set all, after trailing with a score of 4-2. The American pair took a lead of 4 love and then wobbled in the third set, while the English combination crept nearly alongside with three straight games.

When the score was 4-3 Miss Wills led the attack which won the two games and match.

\$30,000 for Bout
with Pete Latzo

Scranton, Pa., Feb. 23.—(AP.)—Mickey Walker, champion welterweight boxer of the world, was offered \$30,000 by Jim Francis and Max Baer, local promoters, today to risk his crown in a ten round bout with Pete Latzo here within sixty days.

Kearns Is Winning.
Los Angeles, Cal., Feb. 23.—(AP.)—Jack Kearns, heavyweight of Mickey Walker, said today he had wired Scranton, Pa., promoters for additional information regarding their offer of a \$30,000 purse if Walker would risk his welterweight crown in a match there with Pete Latzo. Kearns said the match would be accepted if the offer stood well against the odds.

Eddie Plank, Once Famous
as Athletics Pitcher, Stricken
Fall as Jake
Leads Hoppe

NEAR DEATH

BY JAMES CRUSINBERY.
Gettysburg, Pa., Feb. 24.—(AP.)—Edward S. Plank, one time great pitching ace of the Philadelphia Athletics, is sinking rapidly and his death is expected before daybreak, according to an announcement at his home at 2 o'clock this morning.

Eddie Plank, famous pitcher of days gone by, was reported last night as being in a critical condition at his home in Gettysburg, Pa., following a paralytic stroke. It was said there was little hope for his recovery. He is 51 years of age, and since his baseball days ended, about 1914, he has been engaged in the automobile business.

Plank was one of the greatest pitchers in the American league in the first fourteen years of its existence, when he assisted Connie Mack's Athletics most materially in winning a half dozen pennants. He joined Mack's team in 1901, coming direct from Gettysburg college, and he stuck with Mack until the end of the season of 1914. After that year Mack wrecked his champion, selling off his stars, and Plank was released to go. Instead Plank signed with the St. Louis Federal league team and finished his baseball days in the Midwest City.

Plank was on the pitching staff, along with Rube Waddell and Chief Bender, the Athletics won the pennant in 1923 and 1925. Some years later, when Bender, Plank, Coombs, and Bush were the main hurlers on the team, the Mackmen were again on top, winning the flag in 1919, 1921, 1923, and 1924.

Plank was in five world's series, three being no such thing in 1903, but he never had luck with him in the big show.

In the series of 1905 he lost the first to the Giants, with Mathewson pitching against him. The count was 3 to 0. He then lost the fourth game to McGinnity, 1 to 0, though he allowed the Giants only four hits.

In 1916, when the Mack played the "Freak" was on the team but never got into a game because of injury. The next year, against the

Glants, he won the second game, 3 to 1, against Marquard. In the fifth game he went to the slab with the score tied in the tenth and lost the game.

Noted for His Control.
In 1913 he lost the second game to the Glants, 3 to 6, with Matty opposing him, but beat Matty in the fifth game, 3 to 4, allowing the Glants only 2 hits.

In 1914, against the Braves, Plank lost the second game, 1 to 4, pitching against Bill James, who held the Athletics to 3 hits.

Plank was a left hander, but still was noted for his great control. No one ever was so deliberate and slow in working on the mound. He possessed fine speed and a good curve ball, but banded more on his ability to catch a batter off his stride or outguess him.

VAULTING VIKING
BOOSTS WORLD'S
MARK TO 13'4 1/2

Hurts Ankle Speed-
ing Over Runway.

New York, Feb. 23.—(Special.)—Charles Hoff narrowly missed cracking his skull to night in Rickard's garden at the annual indoor athletic meet of the New York State A. C. before a gathering of 6,000 spectators. He did not sustain an injury to his left ankle, and then soared high into the air to clear the bar at a new world's indoor pole vault record of 13 feet 4 1/2 inches for his sixth record attainment since his arrival in this country.

Hoff cleared the cross bar at 13 feet 4 inches on the uprights, but when he sped over the runway for his attempt at 13 feet, Hoff's foot broke a center board in the runway and sent the Norwegian sprawling into the sand landing pit.

Hoff was limping when he arose and he required a massage on the left ankle before he could resume the competition.

Hoff's record exhibition overshadowed, but did not dim a succession of spectacular races which thrilled the gathering. Trailing the Norwegian's great performance were the sensational victory of Ray Robertson, Boston A. A., middle distance runner, in the 1000 yard race, the triumph of fleet footed Willie Goodwin of the New York A. C., in the 100 yard dash, and the thrilling spectacle afforded by little Frankie Bober of City College in winning the American Legion half mile.

Heifrich Loses Thriller.
Robertson's triumph provided the greatest thrill, although the other two races held their measure of excitement. The Unicorn runner sped from third position in the last half lap of the 500 yard test, dogging the heels of the great Alan Heifrich, when a Mercury footer made his bid for victory on the bell circuit, crept up to Heifrich's shoulder and a heart throbbing dash down the home stretch to within a few yards of the finish line and then in a desperate lunge for the tape managed to break the worsted the width of his chest ahead of Heifrich in 1:09.54. Cecil Torrance of Penn State college, was third.

Willie Ritola failed in his bid for a world's two-mile mark to displace the record of 8 minutes 44.6 seconds established at the Mercury foot game last year. The doughy little Finnish-American standard bearer romped away from a half a dozen rivals to whom he had conceded liberal handicaps in this race, but, despite the fact that the handicaps were arranged and the opposition selected for the purpose of running Ritola to his objective in 7:44.4. Ritola won the race in 8:14.4 after one of his greatest long exhibitions at the distance.

Harvard Sprinter Wins.
In a 40 yard sprint feature Al Miller of Harvard dashed to victory by a scant margin over Chet Bowman, Newark A. C. and Frank Hueser, Boston college star in 20.24.

Berlenbach Given
Permission to Box
as Heavyweight

New York, Feb. 23.—(AP.)—The New York state athletic commission today granted permission to Paul Berlenbach, world's light heavyweight champion, to engage in bouts with heavyweights and approved a proposed match between Berlenbach and Jack Russell, 155 pound Canadian, in this city on March 19.

The 160 lb. Berlenbach, which previously had denied the title-holders the privilege of fighting a heavier foe, was granted his stand upon condition that Berlenbach would adhere to a commission rule in boxing with the limit of his own class—the pound.

His proposed match with Russell is unsigned by Jess McMahon, Garden matchmaker, expressed confidence that he would have no difficulty getting the two men together.

NORFOLK

a great industrial city

BIG industries today are building plants in the Norfolk-Portsmouth area of Virginia.

The Ford Motor Company, International Cement Corporation and many others have selected this area because of its tremendous opportunities as an industrial site.

Immense supplies of raw materials are available at Norfolk's very gates. Large coal fields are close at hand. The city itself is a centre of distribution for fuel oil.

Hydro-electric and steam power are available at low cost. Labor is plentiful, high class, and contented. Only 4.8% of Norfolk-Portsmouth population is foreign born. Labor troubles are almost unknown.

The moderate climate permits of year round construction, resulting in lower building costs for manufacturing plants—and all year operation of outdoor industries.

Norfolk's abundant acreage provides unexcelled plant sites at moderate cost. Our industrial engineers will be glad to discuss with you the problems relating to your own industry. All inquiries will be held in confidence. Address the Norfolk-Portsmouth Industrial Commission—Dept. 83, Chamber of Commerce, Norfolk, Va.

LURE OF THE EXTRA 1%

IN its final analysis there is no more inexorable principle than that which governs the relation of safety to yield. Every investor knows, at least in theory, that he cannot secure a higher rate of income without proportionately increasing his risk. Yet among all the causes of investment loss, none is of more frequent occurrence than the attempt to gain an extra 1% of income through exchanging sound securities returning a conservative yield for others of supposedly equal safety.

It is true that bonds and stocks frequently sell "out of line" for long periods, offering advantageous opportunities for exchanges, but the fact remains that such experiments are fraught with danger to the uninformed investor. An unusually high yield is often, in fact, a danger-signal.

Investors find Moody's Supervisory Service a great safeguard in avoiding unsound investments. Let us explain how it operates.

WILSON & CO. TO GET NEW START IN LIFE TODAY

The \$119,000,000 meat packing corporation of Wilson & Co. will begin life anew today after a receivership lasting a year and a half following the sale by auction yesterday of the assets of the company to a reorganization committee representing the stockholders, bondholders, and creditors. The price was \$22,180,000.

The price paid by the purchasers will cover all pending claims against the company, it was announced. The sale will come up for approval of the federal court in New York tomorrow. The purchaser's committee was represented by Frank O. Wetmore, chairman of the First National Bank, Harold Stanley, and Eugene M. Stevens.

Old Officers to Remain.

Mr. Wetmore announced that the exchange of the new securities for the old under the reorganization plan is expected to be completed in a short time and the new company will under way under the same officers by March 1. An issue of \$1,000,000 five year 4 per cent gold notes will be the only new public financing involved in the reorganization.

BY ELMER DOUGLASS.
Another musical celebrity at WLS, 729, last night and the balance of the week—Sigmund Spaeth, author of the musical world's much talked of book, "The Common Sense of Music."

Mr. Spaeth's laudable mission is to approach the subject of music in a common sense fashion, which he does by taking a few tones and tracing their transmission from, say, the classical, on through the romanticists, down to modern song hits or modern symphonies (last). If this reads complex, hear Mr. Spaeth and see how simple, interesting and instructive his illustrated talks are.

Jaques Gordon's violin recital, W-G-N (through Elgin), 9 to 10. Mr. Gordon must have been in an ecstatic mood last night, that being the major mood of the compositions presented as well as the manner of playing.

Once again, this excellent, singing-toned violinist gave us another example of his preference for distinctive music in program. An amusing thing about the program, being, as it is, a point that is not given, not even nearly, the attention that it deserves.

Ex-Col. William Mitchell in an address, WLS, 925, expressed his appreciation of the welcome accorded him in Chicago, and spoke briefly on the army air service.

The Blumhust Women's Choral club, WMAQ, 929, apparently gave us the only massed musical tones last night. When this program began I was perplexed by the incoming "mushy" tones, but after reducing the power on my set all was lovely, including their rendition of an impressive miniature cantata, "The Mischance," by Seckers (of Philadelphia). Followed by an Indian Cradle song (Mishawaka), sung with easy, sustained tones that were exquisite, and The Bells of St. Mary's, with its ringing melody for you and me, and a concluding lovely singing tone—Blumhust papers please copy.

CHICAGOAN WINS \$50 FIRST PRIZE IN RADIO CONTEST

Joseph Cummins, 6725 Harper avenue, Chicago, is the winner of today's first prize of \$50 in the Old Time Favorites contest, sponsored by W-G-N. The Chicago Tribune station on the Drake hotel. The names of the songs which were played last Wednesday are "Little Annie Rooney," "Teasing," and "Just One Girl." Mr. Cummins' winning sentence was: "I like all three of them but the one I like best is the second, 'Teasing,' as this song was at the climax of its popularity in the few remaining happy days just prior to the great calamity of losing my sight and obviously it brings back pleasant memories of the last days in which I was to visualize this beautiful world of ours which we do not properly appreciate until we have gone into exiles."

CONGRESS NOW GOOD AS EVER, GEN. LORD SAYS

Gen. Herbert M. Lord, director of the federal bureau doesn't believe in constant throwing of stones at congress. He said so in a speech before the Hammond chamber of commerce yesterday noon and in an interview in Chicago last night.

"It is really thought," he said, "that congress of this day are not as great as they used to be, the answer may be that they never were. As we study the output of successive congresses we find that their great has always rated high, their product always has been of a character that contributed to the prosperity and progress of the country and I am sure the present congress will prove no exception."

Illinois Adopts Standard Road-Adapt Crossing Signal

The Illinois commerce commission yesterday adopted a standard for grade crossings where state roads cross a railroad. The standard, presented by the American Railway association, consists of a combination wing arm, pendant from a horizontal support and a flashing red light. Hearing on petitions of the Greater Chicago Lake Water company and the Municipal Water Company of Illinois was postponed until next month. Both seek to supply water service to suburbs.

W-G-N HEADLINERS

BENJAMIN KRUGER, NOEL COWARD (White Photo)

TWO notables will be presented this evening by W-G-N. The Chicago Tribune radio station on the Drake hotel. At 6:01 o'clock Mrs. Mabel Reinecke, collector of internal revenue, will speak, and at 6:29 Noel Coward, English actor and playwright and author of "The Vortex," in which he is starring at the Selwyn theater, will give a talk. The appearance of W-G-N of Mrs. Reinecke and Mr. Coward is in accordance with the station's policy offering on the program "A Celebrity a Day."

The Play Shop period from 10:29 to 10:40 o'clock tonight will be given over to a new production, "Down the Mississippi." Listeners will be taken for a short trip on an old Mississippi steamboat. Quaint Negro spirituals and lovely old southern melodies are to be offered by a male quartet and a string trio.

Something unusual in the way of music will be given from 10:45 to 11 o'clock when that famous virtuoso of the saxophone, Benny Krueger, who is appearing at the Chicago theater, will play a special group of numbers on W-G-N. From 11 to 12 o'clock Rezy and his gang will offer their weekly feature on W-G-N.

Don't forget that five prizes are given every day to Old Time Favorites winners. Listen to the old time tunes tonight at 6:45 and at 10:10 o'clock. Sam 'n' Henry will give their usual comic dialogue at 10 o'clock.

Another bridge game will be played on W-G-N this afternoon at 4 o'clock.

PERUVIANS START 4,000 VOTERS TO CAMP AT ARICA

BY GERALD MARTIN.
(Chicago Tribune Press Service.)

(Copyright, 1929, by The Chicago Tribune.)

ARICA, Chile, Feb. 23.—Refusing to recognize the Chilean port authorities and claiming the Tacna-Arica electoral law guaranteed free entry, 230 Peruvians, most of them prospective voters, refused to fill out baggage declarations when they arrived on the Oyaya from Callao. After delaying the steamer for six hours, they eventually yielded after the port captain consulted Samuel

Claro, the new head of the Chilean delegation on the plebiscite commission, who supported his attitude.

The arrivals included sixty Americans from Panama who were also held up during the argument, and the veteran Peruvian leader Gen. Pizarro, who was returning from his visit to

Agusto R. Leguia, president of Peru. Gen. Pizarro said "Peru is sending 4,000 voters within the next three weeks, and President Leguia is confident that the Peruvians will be able to muster 7,000, assuring a decisive majority."

The ship also carried the construction staff for the Peruvian voters' encampment, two miles from Arica. Work on the camp began this afternoon.

WASH YOUR HEALTH MARGIN CLOSELY
The next few weeks!
The warning yesterday of health Commissioners Dundas, who announced that the peak of the cold and pneumonia wave will be reached in the next four or five days.
Nearly 75 per cent of the pneumonia cases are the result of neglected colds, health commissioners declared. He advised in case of a cold to go to bed immediately for twenty-four hours.
Cold Air Not Harmful.
There are two outstanding things about pneumonia, Dr. Dundas said. The first is a rundown, reduced resistance and the second is contact with persons that have fresh colds.
Here are a few ways outlined by the commissioner to prevent colds:
Get plenty of fresh air, day and night. Cold air never gives a cold, cold and pneumonia are unknown to him.
Build up your resistance. Sleep eight hours every night. Eat nourishing food.
What to Do.
Should you contract a cold this winter, Dr. Dundas's advice:
Go to bed immediately and stay there for twenty-four hours.
Conserve your resistance. Remember your cold is highly infectious the first day or so, and avoid contact with any one who might catch it.
According to figures compiled in the health department from three to seven days are lost per person in industry and business each year because of colds.

INDIANA MINERS MOSTLY AT WORK
Evansville, Ind., Feb. 23.—(AP)—Gaining confidence with the arrival this morning of Indiana national guardsmen to protect them against union miners in the coal district embracing Vanderburgh, Warrick, and Union counties drifted back to work today.
Between 100 and 125 were at work according to the operators, and Sheriff Bradley of Warrick county, where most of the miners are located, said they were said to have holed out today.
In the most since union sympathizers marched to the shafts last week and put almost a complete stop to activity.
Three companies of troops were kept in the Evansville army, awaiting any development that might require their assistance, and two airplanes from the fifth air squadron at Kokomo, Ind., were kept on duty.

SEEK FREEDOM OF JACK DURAND ON WRIT TODAY
An effort will be made today to free Jack Durand, foster son of Scott Durand, Lake Bluff millionaire, after sentence of three to twenty years in Joliet penitentiary for robbing the home of F. Edson White.
On Nov. 17, when Durand went to prison, he announced that he wanted to take his punishment. He has been working in the prison since January, his attorney, Elmer E. Edwards, obtained from Judge Edwards at Waukegan permission to file a bill of exceptions and it is expected that Judge De Young of the Supreme court will be asked to grant a writ of superpetuam.
Mrs. Scott Durand, Jack's foster mother, said she had been informed James Gordon Miller, who is still in jail at Waukegan, is to be freed. This, she added, prompted her to make an effort for Jack.

BURGLARS LOOT MOODY CHURCH SAFES OF \$7,670
Working leisurely from 10 o'clock Monday night until 7 o'clock the next morning, four burglars blew four safes in the Moody church at Clark street and North avenue and escaped with \$7,670 in cash and jewelry.
The watchman, Charles Osborne, was awakened by a blow on his head while he was standing in the church office, and was unconscious for some time. The burglars were at work. He informed the police he recognized one of the burglars as a former janitor, an elderly and safe bower, who had been taken in by the church when he was asked to reform.
The Rev. P. W. Phillips, pastor of the church, lost his insurance policies and other valuable personal papers, he said.

ASK BOND ISSUE FOR NEW 106TH STREET BRIDGE
Sponsored by Ald. Ross A. Woodhull and Ald. Ernest M. Cross (18th), a resolution of South Chicago district men appeared to Mayor Dever today to urge the city council to issue a \$1,000,000 bond issue for the new bridge over the Calumet river at 106th street.
After informing the delegation of the city's limited bonding power and the urgent need for it, the members promised the group to make the most emphatic influence in getting the issue as soon as possible.
The present old structure was reached its peak, August Green, president of the South Chicago chamber of commerce, told the mayor, showing that more tonnage was handled on the Calumet river than on the Chicago river were presented by Charles Miller of the Dusham bridge company.

MARRIAGE BROKERS Given the Gate by Wage Earning Women
BY DORIS BLAKE
A visiting Frenchwoman commented on the American mother's disinterest in getting her daughters married off.
"Your society mothers know the importance of it," she commented. "They prepare their daughters to win admiration, bring them out in a blaze of glory, and create occasions for their meeting eligible men. But your average mother is through with her daughter once she puts her through school and the girl becomes a wage earner."
There is another side with which the French woman is probably not conversant. It is the daughter's objection to mother's interfering with her romance. Also, daughter with a pay envelope does not feel the need of taking on a provider quite so early.
The business of marriage brokers is down on the lower East side of New York is now admittedly at its lowest ebb. The foreign young women are not interested in the matchmaker's range matches for them with the "schatchens." The ability of young women to provide themselves with the necessities of life, and some of its luxuries, causes them to regard marriage as well as the sole means of support, at least. And so the matchmaker's office, along with the schatchens, is not what it used to be. However, with all her independence, the breadwinner wants her beau just the same—marriage, too, even if she must have it arranged her own way and her mother's help is not needed.
A mother can still keep up the good work of getting her girls married by helping to create a pleasant home background for daughter's friendships. She should not discourage a match except for moral reasons merely because he is not the one she wants for a son-in-law. Where one man is attracted, other men follow and the number of daughter's male friends the right one will be found.
Naturally, every mother does want to see her girls married, and married to a good man. Since there is this wage-earning-independent gap between the two generations of them nowadays, mother has to be just a bit more subtle in her maneuvering.

TICKET SCALPING BILL, DEFEATED ONCE, UP AGAIN
Despite defeat at the last council meeting of the theater managers' ticket scalping ordinance, the measure was recommended to the council again for passage yesterday by the judiciary committee without any change. The committee vote on the measure was 7 to 1.
Opponents of the plan, which calls for 50 per cent of the tickets in the first fifteen rows being held for sale to the public in the box office, the remainder to go to brokers who agree not to charge more than a 50 cent premium, failed to appear to offer any amendments.
"I believe 50 cents is a reasonable charge for service, and I move we recommend this ordinance again for passage," Ald. John Toman (24th) said. "If we had such a measure in effect now scalpers would not be getting \$1 and \$1.50 a seat for 'The Miracle.'"
"Scalpers are running wilder than ever," Ald. Ernest M. Cross (18th) said. "I understand they are getting as high as \$1.50 a seat for 'The Miracle.'"
Ald. Joseph P. Kelly (21st) told the committee he paid \$2 for a \$10 seat for a motion picture for a scalper. "I cannot vote for this ordinance," he said.
Ald. Robert E. Barker (17th) said: "The theaters are breaking the law now by selling tickets in blocks. Why pass an ordinance that will legalize this practice?"
Ald. John Coughlin (1st), formerly a supporter of the measure, opposed it yesterday, declaring that brokers could not operate at a 50-cent margin.

MRS. M. BANFE
"After shopping around a great deal for face powder," says Mrs. M. Banfe, 2509 Madison St., Philadelphia, Pa., "I'm sure Black and White Face Powder is the best I have ever used. This soft, fluffy powder never clogs or cures the pores, or irritates my skin, but makes it look a thousand times better by giving it a live, glowing color and a more velvety finish than it naturally has."
Because of its marvellous texture and its clinging for hours without renewing, a dainty 50c box of Black and White Face Powder lasts a long, long time, making it the best possible buy from every viewpoint.
Using Black and White Skin Soap along with the Black and White Face Creations brings wonderful results.
